Smiley Work Baskets

Smiley Lifting Solutions is an industry leader in manufacturing OEM work baskets for all manufacturers boom trucks. The work baskets are offered in two configurations, One-man and Two-man platforms. Both work baskets easily attach to the boom tip and are available with either a pin lock system or hydraulic locking system to prevent the platform from swinging.

Smiley Work Baskets are made for all boom truck manufacturers' models such as UNIC, National, Terex, Manitex, Altec, Elliot and more. All work baskets meet or exceed all OSHA and ASME regulations. A Smiley Work Basket helps utilize a boom truck to its fullest capabilities and turns a crane into a man lift in just minutes.

Smiley Work Basket Features:

- Gravity hung self-leveling design
- Upper 1.5" round tube hand rail
- Heavy-gauge steel frame and floor grating to provide solid platform support
- No Test weights required
- Easy-on and Easy-off pin design
- Lifetime structural warranty
